Get to know Roger...

Roger grew up in Maryville, Tennessee, and earned his Bachelor's degree in business and leadership management from Lincoln Memorial University.

In 1996 he began his career in financial planning with various regional banks. As an advisor, he provided comprehensive financial management and advice to the bank's high-net worth clientele.

In March of 2007, Roger left SunTrust to found his own independent wealth management firm. Today, Visionary Horizons Wealth Management is a Registered Investment Advisory Company with a focus on financial planning and wealth management – offered through three offices in TN and KY.

Roger's background extends beyond his work in banks and financial planning. He has been involved in many start ups and successful businesses in and around the Knoxville area. He actively advises other

business owners and clients who own businesses in their financial endeavors. This unique trait has allowed him to expand his relationship with existing and new clients beyond the typical financial planning engagement. His desire to help others grow their own business is reflected in the structure of Visionary Horizons – each advisor owns and operates their own practice.
